Divyangjan Policy

Preamble:

Persons with disability that includes motor and sensory limitations e.g., vision, hearing, speech, locomotor, and mental disabilities are referred as Divyangjan.

Right of persons with disabilities act, 2016 prohibits discrimination against individuals with physical and mental disabilities. In the recent years, there have been vast and positive changes in the perception of the society towards persons with disabilities. It has been realized that a majority of persons with disabilities can lead a better quality of life, if they have equal opportunities and effective access to rehabilitation measures.

Education is the most effective vehicle of social and economic empowerment. In keeping with the spirit of the Article 21A of the Constitution guaranteeing education as a fundamental right and Section 26 of the Persons with Disabilities Act, 1995, free and compulsory education has to be provided to all children with disabilities up to the minimum age of 18 years. The UGC had started the scheme of assistance to universities to facilitate teacher preparation in special education (TEPSE) and higher education for persons with special needs (differently-abled persons) (HEPSN) during the Ninth five year plan, which is still continued.

CMP Degree College is also committed to provide barrier free and inclusive environment to the Divyang students and possess its own 'Divyangjan Policy' with the following objectives:

- To create inclusive environment free from any discrimination, exploitation, and exclusion of disabled students to bring them in the main stream of the society.
- To create suitable regulatory mechanism for effective delivery of services to disable students and staff of the college.
